

Water Bottle Refill Stations - Team Foxtrot

Authors: Jina Butkovic, Austin Cappuccio, Bryson Carroll, Mitchell Carroll

PROBLEM STATEMENT

Our users are experiencing frustration while trying to find safe and clean water bottle refilling stations around college campuses. Our solution is to provide the users with a map of their college campus with points on the map that show water bottle refilling stations.

WHO IS EXPERIENCING THIS PROBLEM?

College students who prefer to use reusable water bottles instead of plastic ones that hurt the environment are experiencing this problem.

WHAT IS THE PROBLEM?

The problem for these students is that they cannot find safe and reliable water bottle stations in their college campus.

WHERE DOES THIS PROBLEM PRESENT ITSELF?

This problem presents itself on college campuses

WHY DOES IT MATTER?

This problem matters to college students because if this problem is solved it could encourage more college students to use reusable water bottles, which would be better for the environment.
